

**Kos Donev, Head Men's Soccer Coach at Florida Atlantic University and Director of the Camp** invites you to his fun filled specialized camps *“where soccer is a stepping stone.”*

**The FAU Camp offers two program tracks: Soccer and Soccer Plus**

## Soccer Program

This camp is designed to teach a sound foundation for the beginning players, as well as to refine and implement the skills of the competitive/travel team player more directly into the game. Specifically designed for the soccer enthusiast who likes to participate in soccer training for the entire camp, the morning session consists of techniques and skills along with small side games. After lunch and pool-time the campers will have a chance to play more competitive games in a tournament format.

## Soccer Plus Program

Designed for camper's who like to participate in more than one sporting activity. Although the program includes soccer in the morning and is part of the soccer camp which teaches fundamental technique/skills and small side games, it also gives campers the opportunity to play Day Camp activities in the afternoon such as dodge ball, flag football, soccer tennis, kickball, capture the flag, relays, and pool-time. There will be a different activity each afternoon. **This program is available for all campers, each camper can decide in the afternoon if they would like to take part of these activities or remain with the soccer program.**

## FACILITIES

The camp is located on the beautiful centrally located FAU campus. Our facilities include collegiate size Bermuda grass fields, an Olympic size pool, air-conditioned cafeteria, and the cool sea breezes from the east.

## CAMP STAFF

A highly qualified, well trained and mature staff is essential for the success of any program. We maintain a high staff to camper ratio for the benefit of our campers. Camp staff will consist of the FAU coaching staff, local area coaches: Fernando Yanez, Moishe Aquart, Michael Araujo, and Jason Versage.
